Cotton***	1 April 1999	"	8,200.00	8,963.47	49.18	5.40	-42.95	"

\* Exchange Rates of Rand to the US Dollar were used to calculate the external reference price: 1986-88: 2.1973  
1999: 6.1131

\*\* Sugar support was multiplied with a factor of 0.6 to convert the industry support to a cane growers proportion (60%) of support. In calculating the AMS, quality differences have not been taken into account in comparing the "Administered Price" (Refined sugar) and the External Reference Price in the base period (mainly Raw sugar).

\*\*\*The negative support measure for cotton was not included in the calculation of the total market support.
