4. Nothing in this Chapter shall prevent a Party from applying measures to regulate the entry of natural persons of the other Party into, or their temporary stay in, its territory, including those measures necessary to protect the integrity of, and to ensure the orderly movement of natural persons across its borders, provided that such measures are not applied in such a manner as to nullify or impair the benefits accruing to the other Party under the terms of this Chapter.

¹ Where the service is not supplied directly by a legal person but through other forms of commercial presence such as a branch or a representative office, the service supplier (i.e. the legal person) shall, nonetheless, through such presence be accorded the treatment provided for service suppliers under this Agreement. Such treatment shall be extended to the presence through which the service is supplied and need not be extended to any other parts of the supplier located outside the territory where the service is supplied.

Article 3

Market Access

Neither Party shall maintain or adopt, either on the basis of a regional subdivision or on the basis of its entire territory:²

- (a) limitations on the number of service suppliers whether in the form of numerical quotas, monopolies, exclusive service suppliers or the requirements of an economic needs test;
- (b) limitations on the total value of service transactions or assets in the form of numerical quotas or the requirement of an economic needs test;
- (c) limitations on the total number of service operations or on the total quantity of service output expressed in terms of designated numerical units in the form of quotas or the requirement of an economic needs test;³
- (d) limitations on the total number of natural persons that may be employed in a particular service sector or that a service supplier may employ and who are necessary for, and directly related to, the supply of a specific service in the form of numerical quotas or the requirement of an economic needs test;
- (e) measures which restrict or require specific types of legal entity or joint venture through which a service supplier may supply a service; and
- (f) limitations on the participation of foreign capital in terms of maximum percentage limit on foreign shareholding or the total value of individual or aggregate foreign investment.

Article 4

National Treatment

1. Each Party shall accord to services and service suppliers of the other Party, in respect of all measures affecting the supply of services, treatment no less favourable than that it accords to its own like services and service suppliers.
2. A Party may meet the requirement of Article 4.1 by according to services and service suppliers of the other Party, either formally identical treatment or formally different treatment to that it accords to its own like services and service suppliers.
3. Formally identical or formally different treatment shall be considered to be less favourable if it modifies the conditions of competition in favour of services or service suppliers of the Party compared to like services or service suppliers of the other Party.

² Subject to the reservations that a Party makes in respect of market access pursuant to Article 5 (Reservations), where the cross-border movement of capital is an essential part of a service supplied through the mode of supply referred to in Article 1(s)(i), that Party is hereby committed to allow such movement of capital. Subject to the reservations that a Party makes in respect of market access pursuant to Article 5 (Reservations), where a service is supplied through the mode of supply referred to in Article 1(s)(iii) that Party is hereby committed to allow related transfers of capital into its territory.

³ Article 3(c) does not cover measures of a Party which limit inputs for the supply of services.

4. This Article shall not be construed to require any Party to compensate for any inherent competitive disadvantages which result from the foreign character of the relevant services or service suppliers.

Article 5

Reservations

1. Articles 3 (Market Access) and 4 (National Treatment) shall not apply to:
 - (a) any existing non-conforming measure that is maintained by a Party at:
 - (i) the central or regional level, as set out in Annex 4-I; or
 - (ii) the local level; or
 - (b) the continuation or prompt renewal of any non-conforming measure referred to in Article 5.1(a).

4. Each Party shall set out its reservations through a description of:
 - (a) with respect to Annex 4-I, the non-conforming measure to which the reservation applies; and
 - (b) with respect to Annex 4-II, the sectors, subsectors or activities to which the reservation applies.

Article 6

Transitional Provisions On Regional Government Measures

1. Articles 3 (Market Access) and 4 (National Treatment) shall not apply to measures maintained by a Party at the regional level until the first review of this Agreement under Article 3 (Review) of Chapter 17 (Final Provisions), when modifications or additions may be incorporated into the reservations in Annex 4-I and Annex 4-II to extend the coverage of Articles 3 (Market Access) and 4 (National Treatment) to these measures. Following the first review, Articles 3 (Market Access) and 4 (National Treatment) shall apply, at the regional level, unless the nonconforming measures maintained at the regional level are covered by the reservations in Annexes 4-I and 4-II.
2. A Party shall enter into consultations at the request of the other Party with a view to ensuring that modifications or additions incorporated into the reservations in accordance with Article 6.1 are

consistent with the overall balance of benefits under the Agreement, and deciding whether any necessary adjustment in the commitments of the Parties is required to preserve this balance. Article 7 (Modification or Addition of Reservations) and Chapter 16 (Dispute Settlement) shall not apply to any such adjustments. The Parties shall not apply any measure affecting trade in services at the regional level in such a manner as would improve their negotiating position and leverage.

Article 7

Modification Or Addition Of Reservations

1. By giving three months written notification to the other Party, a Party may modify or add to its non-conforming measures as set out in Annex 4-I and add new sectors, subsectors or activities to its reservations set out in Annex 4-II. At the request of the other Party, it shall hold consultations with a view to reaching agreement on any necessary adjustment required to maintain the overall balance of commitments undertaken by each Party under this Agreement. If agreement is not reached between the Parties on any necessary adjustment, the matter may be referred to arbitration in accordance with Chapter 16 (Dispute Settlement).

2. Article 7.1 shall not be construed to prejudice the right of both Parties to maintain any existing measures or adopt new measures consistent with the reservations set out in Annexes 4-I and 4-II.

Article 8

Additional Commitments

1. The Parties shall set out their respective additional commitments in Annex 4-III of this Agreement with respect to measures affecting trade in services not covered by Articles 3 (Market Access) and 4 (National Treatment), including those regarding qualifications, standards or licensing matters and any other matters as may be mutually agreed.

Article 9

Transparency

1. Each Party shall publish promptly and, except in emergency situations, at the latest by the time of their entry into force, all relevant measures of general application which pertain to or affect the operation of this Chapter. International agreements pertaining to or affecting trade in services to which a Party is a signatory shall also be published.

2. Where publication as referred to in Article 9.1 is not practicable, such information shall be made otherwise publicly available.

3. Each Party shall respond promptly to all requests by the other Party for specific information on any of its measures of general application or international agreements within the meaning of Article 9.1. Each Party shall also establish one or more enquiry points to provide specific information to the other Party, upon request, on all such matters.

Article 10

Disclosure Of Confidential Information

Nothing in this Chapter shall require any Party to provide confidential information, the disclosure of which would impede law enforcement, or otherwise be contrary to the public interest, or which would prejudice legitimate commercial interests of particular enterprises, public or private.

Article 11

Domestic Regulation

1. Each Party shall ensure that all measures of general application affecting trade in services are administered in a reasonable, objective and impartial manner.

2. Each Party shall ensure that its judicial, arbitral or administrative tribunals or procedures which provide for the prompt review of, and where justified, appropriate remedies for, administrative decisions affecting trade in services are open on a nondiscriminatory basis to service suppliers of the other Party. Where such procedures are not independent of the agency entrusted with the administrative decision concerned, the Party shall ensure that the procedures in fact provide for an objective and impartial review.

3. Article 11.2 shall not be construed to require a Party to institute such tribunals or procedures where this would be inconsistent with its constitutional structure or the nature of its legal system.

4. Where authorisation is required for the supply of a service, the competent authorities of a Party shall promptly, after the submission of an application considered complete under domestic laws and regulations, inform the applicant of the decision concerning the application. At the request of the applicant, the competent authorities of the Party shall provide, without undue delay, information concerning the status of the application.

5. With the objective of ensuring that domestic regulation, including measures relating to qualification requirements and procedures, technical standards and licensing requirements, do not constitute unnecessary barriers to trade in services, the Parties shall jointly review the results of the negotiations on disciplines on these measures, pursuant to Article VI.4 of the WTO General Agreement on Trade in Services (GATS), with a view to their incorporation into this Agreement. The Parties note that such disciplines aim to ensure that such requirements are *inter alia*:

- (a) based on objective and transparent criteria, such as competence and the ability to supply the service;
- (b) not more burdensome than necessary to ensure the quality of the service;
- (c) in the case of licensing procedures, not in themselves a restriction on the supply of the service.

6. Pending the incorporation of disciplines pursuant to Article 11.5, a Party shall not apply licensing and qualification requirements and technical standards that nullify or impair its obligations under this Chapter in a manner which:

- (a) does not comply with the criteria outlined in Articles 11.5(a), 11.5(b) or 11.5(c); and

- (b) could not reasonably have been expected of that Party at the time the obligations were undertaken.

7. In determining whether a Party is in conformity with its obligations under Article 11.6, account shall be taken of international standards of relevant international organisations⁴ applied by that Party.

8. Pending the incorporation of disciplines pursuant to Article 11.5, each Party or its competent authorities shall endeavour to:

- (a) make publicly available:
 - (i) information on requirements and procedures to obtain, renew or retain any licences or professional qualifications; and
 - (ii) information on technical standards;
- (b) explain, on request, the policy rationale of a measure, particularly of a new measure; and
- (c) provide opportunity for comment, and give consideration to such comments, before their adoption, when introducing measures which significantly affect trade in services.

Article 12

Monopoly And Exclusive Service Suppliers

1. Each Party shall ensure that any monopoly supplier of a service in its territory does not, in the supply of the monopoly service in the relevant market, act in a manner inconsistent with the Party's obligations under Articles 3 (Market Access) and 4 (National Treatment).

2. Where a Party's monopoly supplier competes, either directly or through an affiliated company, in the supply of a service outside the scope of its monopoly rights and which is subject to that Party's obligations under Articles 3 (Market Access) and 4 (National Treatment), the Party shall ensure that such a supplier does not abuse its monopoly position to act in its territory in a manner inconsistent with such commitments.

3. If a Party has reason to believe that a monopoly supplier of a service of the other Party is acting in a manner inconsistent with paragraph 1 or 2, it may request the other Party establishing, maintaining or authorising such supplier to provide specific information concerning the relevant operations in its territory.

4. The provisions of this Article shall also apply to cases of exclusive service suppliers, where a Party, formally or in effect, (a) authorises or establishes a small number of service suppliers and (b) substantially prevents competition among those suppliers in its territory.

⁴ The term "relevant international organisations" refers to international bodies whose membership is open to relevant bodies of both Parties.

Article 13

Safeguard Measures

Neither Party shall take safeguard action against services and service suppliers of the other Party from the date of entry into force of this Agreement. Neither Party shall initiate or continue any safeguard investigations in respect of services and service suppliers of the other Party.

Article 14

Payments And Transfers

1. Subject to its reservations pursuant to Article 5 (Reservations) and except under the circumstances envisaged in Article 15 (Restrictions to Safeguard the Balance of Payments), a Party shall not apply restrictions on international transfers and payments for current transactions.

2. Nothing in this Chapter shall affect the rights and obligations of the Parties as members of the International Monetary Fund under the Articles of Agreement of the Fund, including the use of exchange actions which are in conformity with the Articles of Agreement, provided that a Party shall not impose restrictions on any capital transactions inconsistently with its obligations under this Chapter regarding such transactions, except under Article 15 (Restrictions to Safeguard the Balance of Payments) or at the request of the Fund.

Article 15

Restrictions To Safeguard The Balance Of Payments

1. In the event of serious balance of payments and external financial difficulties or threat thereof, a Party may adopt or maintain restrictions on trade in services in respect of which it has obligations under Articles 3 (Market Access) and 4 (National Treatment), including on payments or transfers for transactions relating to such obligations. It is recognized that particular pressures on the balance of payments of a Party in the process of economic development may necessitate the use of restrictions to ensure, *inter alia*, the maintenance of a level of financial reserves adequate for the implementation of its programme of economic development.

2. The restrictions referred to in Article 15.1 shall:

- (a) be consistent with the Articles of Agreement of the International Monetary Fund;
- (b) avoid unnecessary damage to the commercial, economic and financial interests of the other Party;
- (c) not exceed those necessary to deal with the circumstances described in Article 15.1;
- (d) be temporary and be phased out progressively as the situation specified in Article 15.1 improves;
- (e) be applied on a national treatment basis and such that the other Party is treated no less favourably than any non-Party.

3. Any restrictions adopted or maintained under Article 15.1, or any changes therein, shall be promptly notified to the other Party.

4. The Party adopting any restrictions under Article 15.1 shall commence consultations with the other Party in order to review the restrictions adopted by it.

Article 16

Government Procurement

Articles 3 (Market Access) and 4 (National Treatment) shall not apply to laws, regulations or requirements governing the procurement by governmental agencies of services purchased for governmental purposes and not with a view to commercial resale or with a view to use in the supply of services for commercial sale.

Article 17

Denial Of Benefit

Subject to prior notification and consultation, a Party may deny the benefits of this Chapter to a service supplier of the other Party where the Party establishes that the service supplier is owned or controlled by persons of a non-Party and that it has no substantive business operations in the territory of the other Party.

Article 18

General Exceptions

Subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between the Parties where like conditions prevail, or a disguised restriction on trade in services, nothing in this Chapter shall be construed to prevent the adoption or enforcement by a Party of measures:

- (a) necessary to protect public morals or to maintain public order;⁵
- (b) necessary to protect human, animal or plant life or health;
- (c) necessary to secure compliance with laws or regulations which are not inconsistent with the provisions of this Chapter including those relating to:
 - (i) the prevention of deceptive and fraudulent practices or to deal with the effects of a default on services contracts;
 - (ii) the protection of the privacy of individuals in relation to the processing and dissemination of personal data and the protection of confidentiality of individual records and accounts;
 - (iii) safety;
- (d) inconsistent with Article 4 (National Treatment), provided that the difference in treatment is aimed at ensuring the equitable or effective⁶ imposition or collection of direct taxes in respect of services or service suppliers of the other Party.

⁵ The public order exception may be invoked only where a genuine and sufficiently serious threat is posed to one of the fundamental interests of society.

Article 19

Security Exceptions

Nothing in this Chapter shall be construed:

- (a) to require a Party to furnish any information, the disclosure of which it considers contrary to its essential security interests; or
- (b) to prevent a Party from taking any action which it considers necessary for the protection of its essential security interests:
 - (i) relating to the supply of services as carried out directly or indirectly for the purpose of provisioning a military establishment;
 - (ii) relating to fissionable and fusionable materials or the materials from which they are derived;
 - (iii) taken in time of war or other emergency in international relations; or
- (c) to prevent a Party from taking any action in pursuance of its obligations under the United Nations Charter for the maintenance of international peace and security.

Article 20

Review Of Commitments

1. If, after this Agreement enters into force, a Party enters into any agreement on trade in services with a non-Party, it shall give positive consideration to a request by the other Party for the incorporation herein of treatment no less favourable than that provided under the aforesaid agreement. Any such incorporation should maintain the overall balance of commitments undertaken by each Party under this Agreement.

⁶ Measures that are aimed at ensuring the equitable or effective imposition or collection of direct taxes include measures taken by a Party under its taxation system which:

- (i) apply to non-resident service suppliers in recognition of the fact that the tax obligation of nonresidents is determined with respect to taxable items sourced or located in the Party's territory; or
- (ii) apply to non-residents in order to ensure the imposition or collection of taxes in the Party's territory; or
- (iii) apply to non-residents or residents in order to prevent the avoidance or evasion of taxes, including compliance measures; or
- (iv) apply to consumers of services supplied in or from the territory of the other Party in order to ensure the imposition or collection of taxes on such consumers derived from sources in the Party's territory; or
- (v) distinguish service suppliers subject to tax on worldwide taxable items from other service suppliers, in recognition of the difference in the nature of the tax base between them; or
- (vi) determine, allocate or apportion income, profit, gain, loss, deduction or credit of resident persons or branches, or between related persons or branches of the same person, in order to safeguard the Party's tax base.

Tax terms or concepts in Article 18(d) and in this footnote are determined according to tax definitions and concepts, or equivalent or similar definitions and concepts, under the domestic law of the Party taking the measure.

2. If, after this Agreement enters into force, a Party further liberalizes any of its non-conforming measures in Annex 4-I or sectors, subsectors, or activities in Annex 4-II unilaterally, it shall give positive consideration to a request by the other Party for the incorporation herein of the unilateral liberalisation. Any such incorporation should maintain the overall balance of commitments undertaken by each Party under this Agreement.

3. If, after this Agreement enters into force, a service previously supplied in the exercise of governmental authority is subsequently supplied on a commercial basis or in competition with one or more service suppliers, the Party concerned may modify or add to its reservations in respect of that service. At the request of the other Party, the Party concerned shall enter into consultations with a view to ensuring the maintenance of the overall balance of commitments undertaken by each Party under this Agreement.

Article 21

Review Of Subsidies

1. The Parties shall review the treatment of subsidies in the context of developments in international fora of which both Parties are Members.

2. The Parties shall consult on appropriate steps in regard to subsidies related to trade in services where any subsidies issues arise under this Chapter.

4. Both Parties agree to review developments in the air transport sector at the first review of this Agreement under Article 3 (Review) of Chapter 17 (Final Provisions), or at any other time agreed between the Parties, with a view to including these developments in this Agreement.

5. While both Parties affirm their rights and obligations under the Agreement between the Government of the Commonwealth of Australia and the Government of the Republic of Singapore relating to Air Services, signed on 3 November 1967 and any subsequent amendments thereto, both Parties agree to work towards an Open Skies Air Services Agreement and to review that work in accordance with the provisions of Article 22.4.

6. The Parties affirm, *mutatis mutandis*, their rights and obligations under the GATS, including the Annex on Air Transport Services.

Article 23

1. For the purposes of the fulfilment of its standards or criteria for the authorisation, licensing or certification of services suppliers, a Party may recognise the education or experience obtained, requirements met, or licenses or certifications granted in the other Party.

1. Articles 3 (National Treatment) shall not apply to measures maintained by a Party at the regional level until the first review of this Agreement under Article 3 (Review) of Chapter 17 (Final Provisions), when modifications or additions may be incorporated into the reservations in Annex 4-I and Annex 4-II to extend the coverage of Article 3 (National Treatment) to these measures. 4. Nothing in this Chapter shall affect the rights and obligations of the members of the International Monetary Fund under the Articles of Agreement of the Fund, including the use of exchange actions which are in conformity with the Articles of Agreement, provided that a Party shall not impose restrictions on any capital transactions inconsistently with its obligations under this Chapter regarding such transactions, except under Article 12 (Restrictions to Safeguard the Balance of Payments) or at the request of the Fund.

Article 12

Restrictions To Safeguard The Balance Of Payments

1. In the event of serious balance of payments and external financial difficulties or threat thereof, a Party may adopt or maintain restrictions on payments or transfers related to investments. It is recognized that particular pressures on the balance of payments of a Party in the process of economic

development may necessitate the use of restrictions to ensure, *inter alia*, the maintenance of a level of financial reserves adequate for the implementation of its programme of economic development.

2. The restrictions referred to in Article 12.1 shall:

- (a) be consistent with the Articles of Agreement of the International Monetary Fund;
- (b) avoid unnecessary damage to the commercial, economic and financial interests of the other Party;
- (c) not exceed those necessary to deal with the circumstances described in Article 12.1;
- (d) be temporary and be phased out progressively as the situation specified in Article 12.1 improves;
- (e) be applied on a national treatment basis and such that the other Party is treated no less favourably than any non-Party.

3. Any restrictions adopted or maintained under Article 12.1, or any changes therein, shall be promptly notified to the other Party.

4. The Party adopting any restrictions under Article 12.1 shall commence consultations with the other Party in order to review the restrictions adopted by it.

Article 13

Subrogation

1. If a Party or a designated agency of a Party makes a payment to any of its investors under a guarantee, a contract of insurance or other form of indemnity it has granted in respect of an investment of an investor of that Party, the other Party shall recognise the subrogation or transfer of any right or title in respect of such investment. The subrogated or transferred right or claim shall not be greater than the original right or claim of the investor.

2. Where a Party or a designated agency of a Party has made a payment to an investor of that Party and has taken over rights and claims of the investor, that investor shall not, unless authorised to act on behalf of the Party or the designated agency of the Party making the payment, pursue those rights and claims against the other Party.

Article 14

Settlement Of Disputes Between A Party And An Investor Of The Other Party

1. This Article shall apply to disputes between a Party and an investor of the other Party concerning an alleged breach of an obligation of the former under this Chapter which causes loss or damage to the investor or its investment.

2. The parties to the dispute shall initially seek to resolve the dispute by consultations and negotiations.

3. Where the dispute cannot be resolved as provided for under Article 14.2 within 6 months from the date of a request for consultations and negotiations, then unless the disputing investor and the disputing Party agree otherwise or either of them has already submitted the dispute to the courts or

administrative tribunals of the disputing Party (excluding proceedings for interim measures of protection referred to in Article 14.5), the dispute may be submitted by either party to the dispute to:

- (a) the courts or administrative tribunals of the disputing Party;
- (b) the International Centre for Settlement of Investment Disputes (ICSID) for conciliation or arbitration pursuant to Articles 28 or 36 of the Convention on the Settlement of Investment Disputes between States and Nationals of Other States, done at Washington on 18 March 1965; or
- (c) arbitration under the rules of the United Nations Commission on International Trade Law (UNCITRAL).

4. Each Party hereby consents to the submission of a dispute to conciliation or arbitration under Articles 14.3(b) and 14.3(c) in accordance with the provisions of this Article, conditional upon:

- (a) the submission of the dispute to such conciliation or arbitration taking place within three years of the time at which the disputing investor became aware, or should reasonably have become aware, of a breach of an obligation under this Chapter causing loss or damage to the investor or its investment; and
- (b) the disputing investor providing written notice, which shall be submitted at least 30 days before the claim is submitted, to the disputing Party of his or her intent to submit the dispute to such conciliation or arbitration and which:
 - (i) nominates either Article 14.3(b) or Article 14.3(c) as the forum for dispute settlement (and, in the case of Article 14.3(b), nominates whether conciliation or arbitration is being sought);
 - (ii) waives its right to initiate or continue any proceedings (excluding proceedings for interim measures of protection referred to in Article 14.5) before any of the other dispute settlement fora referred to in Article 14.3 in relation to the matter under dispute; and
 - (iii) briefly summarises the alleged breach of the disputing Party under this Chapter (including the articles alleged to have been breached) and the loss or damage allegedly caused to the investor or its investment.

5. Neither Party shall prevent the disputing investor from seeking interim measures of protection, not involving the payment of damages or resolution of the substance of the matter in dispute before the courts or administrative tribunals of the disputing Party, prior to the institution of proceedings before any of the dispute settlement fora referred to in Article 14.3, for the preservation of its rights and interests.

6. Neither Party shall give diplomatic protection, or bring an international claim, in respect of a dispute which one of its investors and the other Party shall have consented to submit or have submitted to conciliation or arbitration under this Article, unless such other Party has failed to abide by and comply with the award rendered in such dispute. Diplomatic protection, for the purposes of this paragraph, shall not include informal diplomatic exchanges for the sole purpose of facilitating a settlement of the dispute.

Article 15

Review Of Commitments

1. If, after this Agreement enters into force, a Party enters into any agreement on investment with a non-Party, it shall give positive consideration to a request by the other Party for the incorporation herein of treatment no less favourable than that provided under the aforesaid agreement. Any such incorporation should maintain the overall balance of commitments undertaken by each Party under this Agreement.

2. If, after this Agreement enters into force, a Party further liberalises any of its non-conforming measures in Annex 4-I or sectors, subsectors or activities in Annex 4-II unilaterally, it shall give positive consideration to a request by the other Party for the incorporation herein of the unilateral liberalisation. Any such incorporation should maintain the overall balance of commitments undertaken by each Party under this Agreement.

Article 16

Review Of Subsidies

1. The Parties shall review the treatment of subsidies in the context of developments at international fora to which both Parties are Members.

2. The Parties shall consult on appropriate steps in regard to subsidies related to investments or investors where any subsidies issues arise under this Chapter.

Article 17

Government Procurement

Article 3 (National Treatment) shall not apply to laws, regulations or requirements governing the procurement by governmental agencies of goods and services purchased for governmental purposes and not with a view to commercial resale or with a view to use in the production of goods or the supply of services for commercial sale.

Article 18

Denial Of Benefits

Subject to prior notification and consultation, a Party may deny the benefits of this Chapter to an investor of the other Party that is an enterprise of such Party and to investments of such an investor where the Party establishes that the enterprise is owned or controlled by persons of a non-Party and has no substantive business operations in the territory of the other Party.

Article 19

General Exceptions

Subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between the Parties where like conditions prevail, or a disguised restriction on investments in the territory of a Party by investors of the other Party, nothing in this Chapter shall be construed to prevent the adoption or enforcement by a Party of measures:

- (a) necessary to protect public morals or to maintain public order;¹
- (b) necessary to protect human, animal or plant life or health;
- (c) necessary to secure compliance with laws or regulations which are not inconsistent with the provisions of this Chapter including those relating to:

- (d) imposed for the protection of national treasures of artistic, historic or archaeological value;
- (e) relating to the conservation of exhaustible natural resources if such measures are made effective in conjunction with restrictions on domestic production or consumption.

Article 20

Security Exceptions

Nothing in this Chapter shall be construed:

- (a) to require a Party to furnish any information, the disclosure of which it considers contrary to its essential security interests; or
- (b) to prevent a Party from taking any action which it considers necessary for the protection of its essential security interests:
 - (i) relating to fissionable and fusionable materials or the materials from which they are derived;
 - (ii) taken in time of war or other emergency in international relations;
 - (iii) relating to the production or supply of arms and ammunition; or
- (c) to prevent a Party from taking any action in pursuance of its obligations under the United Nations Charter for the maintenance of international peace and security.

¹ The public order exception may be invoked only where a genuine and sufficiently serious threat is posed to one of the fundamental interests of society.

Article 21

Disclosure Of Confidential Information

Nothing in this Chapter shall require any Party to provide confidential information, the disclosure of which would impede law enforcement, or otherwise be contrary to the public interest, or which would prejudice legitimate commercial interests of particular enterprises, public or private.

Article 1

Definitions And Scope

1. The purpose of this Chapter is to provide for commitments additional to Chapter 7 (Trade in Services) and Chapter 8 (Investment) in relation to financial services to ensure that the market access treatment of financial services is based on transparent principles that are applied in a non-discriminatory manner. In the event of any inconsistency between the former provisions and the provisions of this Chapter, the latter shall prevail to the extent of such inconsistency.

2. For the purposes of this Chapter:

- (a) “financial service” means a service of a financial nature, including insurance, and a service incidental or auxiliary to a service of a financial nature. Financial services shall include the activities as stated in Appendix 1;
- (b) “financial service supplier” means any natural or legal person authorised by the law of a Party to supply financial services;
- (c) “new financial service” means a financial service, including services related to existing and new products or the manner in which a product is delivered, that is not supplied by any financial service supplier in the territory of a Party but which is supplied in the territory of the other Party; and
- (d) “public entity” means:
 - (i) a government, a central bank or a monetary authority, of a Party, or an entity owned or controlled by a Party, that is principally engaged in carrying out governmental functions or activities for governmental purposes, not including an entity principally engaged in supplying financial services on commercial terms; or
 - (ii) a private entity, performing functions normally performed by a central bank or monetary authority, when exercising those functions.

3. For the purposes of Articles 1(a) and 2.2(b) of Chapter 7 (Trade in Services), “a service supplied in the exercise of governmental authority” means the following:

- (a) activities conducted by a central bank or monetary authority or by any other public entity, including the management of official foreign reserves, in pursuit of monetary or exchange rate policies;

- (b) activities forming part of a statutory system of social security or public retirement plans; and
- (c) other activities conducted by a public entity for the account or with the guarantee or using the financial resources of the Government.

4. If a Party allows any of the activities referred to in Articles 1.3(b) or 1.3(c) to be conducted by its financial service suppliers in competition with a public entity or a financial service supplier, measures affecting such activities shall not be excluded from this Chapter and Chapter 7 (Trade in Services).

Article 2

New Financial Services

Each Party shall permit a financial service supplier of the other Party established in its territory to supply any new financial service of a type similar to those services that a Party would permit its own financial service suppliers, in like circumstances, to supply under its domestic law. A Party may however determine the institutional and juridical form through which the new financial service may be supplied and may require authorisation for the supply of the service. Where such authorisation is required, a decision shall be made within a reasonable time and the authorisation may only be refused for prudential reasons.

Article 3

Prudential And Regulatory Supervision

1. Nothing in this Agreement shall be construed to prevent a Party from taking measures for prudential reasons, including measures for the protection of investors, depositors, policy holders or persons to whom a fiduciary duty is owed by a financial service supplier, or to ensure the integrity and stability of a Party's financial system. Where such measures do not conform with the provisions of this Agreement, they shall not be used as a means of avoiding the Party's commitments or obligations under this Agreement.

2. These measures shall not constitute a means of arbitrary or unjustifiable discrimination against financial service suppliers of the other Party in comparison to its own like financial service suppliers, or a disguised restriction on trade in services. Each Party shall endeavour to ensure that these measures are not more burdensome than necessary to achieve their aim.

3. Nothing in this Agreement shall be construed to require a Party to disclose information relating to the affairs and accounts of individual customers or any confidential or proprietary information in the possession of public entities.

Article 4

Transfers Of Information And Processing Of Information

Neither Party shall take measures that prevent transfers of information or the processing of financial information, including transfers of data by electronic means, or that, subject to importation rules consistent with international agreements, prevent transfers of equipment, where such transfers of information, processing of financial information or transfers of equipment are necessary for the conduct of the ordinary business of a financial service supplier. Nothing in this paragraph restricts the

right of a Party to protect personal data, personal privacy and the confidentiality of individual records and accounts so long as such right is not used to circumvent the provisions of this Agreement.

Article 5

Exceptions

For the avoidance of doubt, this Chapter shall be subject to the general and security exceptions listed in Articles 18 and 19 of Chapter 7 (Trade in Services) and Articles 19 and 20 of Chapter 8 (Investment).

 - (iii) of a quality no less favourable than that provided by such major supplier for its own like services or for like services of non-affiliated service suppliers or for its subsidiaries or other affiliates;
 - (iv) in a timely fashion, on terms, conditions (including technical standards and specifications) and cost-oriented rates¹² that are transparent, reasonable, having regard to economic feasibility, and sufficiently unbundled so that the supplier need not pay for network components or facilities that it does not require for the service to be provided; and

- (c) Each Party shall ensure that the applicable procedures for interconnection negotiations with major suppliers in its territory are made publicly available.

¹⁰ Australia's interconnection regime provides access on terms and conditions which are fair and reasonable to all parties and which do not unfairly discriminate between users. Access rights are guaranteed by legislation and the terms and conditions of access are established primarily through processes of commercial negotiation or by reference to access undertakings given by suppliers of public telecommunications networks or services which may draw upon an industry code of practice. Any code of practice and each supplier's undertaking will be subject to approval by the regulator.

¹¹ In Australia, the rate at which interconnection is provided is determined by negotiation. Both negotiating parties have recourse to the regulator which will make a decision based on transparent criteria to ensure that rates are fair and reasonable in the circumstances.

¹² The regulator may resolve any dispute on what costs are relevant in determining rates.

- (d) Each Party shall ensure that major suppliers in its territory make publicly available either their interconnection agreements or a reference interconnection offer.

8. Resolution of Interconnection Disputes

- (a) When facilities-based suppliers are unable to resolve disputes regarding the terms, conditions and rates on which interconnection is to be provided by a major supplier, they shall have recourse to the regulator, which shall aim to resolve the disputes within 180 days of the referral to it, provided that the resolution of complex disputes may take longer than 180 days.
- (b) Where the regulator is unable to resolve the disputes referred to in Article 9.8(a) within 180 days, each Party shall ensure that the regulator endeavours to provide interim determinations on the disputes where necessary to ensure that facilities-based suppliers of the other Party are able to interconnect with a major supplier.

Any procedures for the allocation and use of scarce resources, including frequencies, numbers and rights of way, shall be carried out in an objective, timely, transparent and non-discriminatory manner. ¹³ To the extent of any inconsistency between this Article and Article 9, the latter shall prevail.

¹⁴ Decisions on the allocation and assignment of spectrum and frequency management are not measures that are per se inconsistent with Article 3 (Market Access) of Chapter 7 (Trade in Services). Accordingly, each Party retains the ability to exercise its spectrum and frequency management policies, which may affect the number of service suppliers, provided that this is done in a manner that is consistent with the provisions of this Agreement. Article 6

Functions Of Arbitral Tribunals

1. The function of an arbitral tribunal is to make an objective assessment of the dispute before it, including an examination of the facts of the case and the applicability of and conformity with this Agreement. Where the arbitral tribunal concludes that a measure is inconsistent with a provision of this Agreement, it shall recommend that a Party bring the measure into conformity with that provision.
2. The findings and recommendations of the arbitral tribunal shall be set out in a report released to the Parties. An arbitral tribunal may make its findings and recommendations upon the default of a Party.
3. An arbitral tribunal shall take its decisions by consensus; provided that where an arbitral tribunal is unable to reach consensus it may take its decisions by majority vote.

4. The arbitral tribunal shall, in consultation with the Parties and apart from the matters set out in Article 7 (Proceedings of Arbitral Tribunals), regulate its own procedures in relation to the rights of Parties to be heard and its deliberations.

Article 7

Proceedings Of Arbitral Tribunals

1. An arbitral tribunal shall meet in closed session. The Parties shall be present at the meetings only when invited by the arbitral tribunal to appear before it.

2. The deliberations of an arbitral tribunal and the documents submitted to it shall be kept confidential. Nothing in this Article shall preclude a Party from disclosing statements of its own positions or its submissions to the public; provided that a Party shall treat as confidential information submitted by the other Party to the arbitral tribunal which that Party has designated as confidential. Where a Party submits a confidential version of its written submissions to the arbitral tribunal, it shall also, upon request of the other Party, provide a non-confidential summary of the information contained in its submissions that could be disclosed to the public.

3. Before the first substantive meeting of the arbitral tribunal with the Parties, the Parties shall transmit to the arbitral tribunal written submissions in which they present the facts of their case and their arguments.

4. At its first substantive meeting with the Parties, the arbitral tribunal shall ask the Party which has brought the complaint to present its submission. Subsequently, and still at the same meeting, the Party against which the complaint has been brought shall be asked to present its submission.

5. Formal rebuttals shall be made at a second substantive meeting of the arbitral tribunal. The Party complained against shall have the right to present its submission first, and shall be followed by the complaining Party. The Parties shall submit, prior to the meeting, written rebuttals to the arbitral tribunal.

6. The arbitral tribunal may at any time put questions to the Parties and ask them for explanations either in the course of a meeting with the Parties or in writing.

7. The Parties shall make available to the arbitral tribunal a written version of their oral statements.

8. In the interests of full transparency, the presentations, rebuttals and statements referred to in paragraphs 4 to 6 shall be made in the presence of the Parties. Moreover, each Party's written submissions, including any comments on the report, written versions of oral statements and responses to questions put by the arbitral tribunal, shall be made available to the other Party. There shall be no ex parte communications with the arbitral tribunal concerning matters under consideration by it.

9. The arbitral tribunal shall have the right, in consultation with the Parties, to seek information and technical advice from any individual or body which it deems appropriate, and shall make any such information and technical advice available to the Parties. A Party shall respond promptly and fully to any request by an arbitral tribunal for such information as the arbitral tribunal considers necessary and appropriate.

10. The report of the arbitral tribunal shall be drafted without the presence of the Parties in the light of the information provided and the statements made. The arbitral tribunal shall accord adequate

opportunity to the Parties to review the entirety of its draft report prior to its finalisation and shall include a discussion of any comments by the Parties in its final report.

11. The arbitral tribunal shall release to the Parties its final report on the dispute referred to it within 60 days of its formation. When the arbitral tribunal considers that it cannot release its final report within 60 days, it shall inform the Parties in writing of the reasons for the delay together with an estimate of the period within which it will issue its report. The final report of the arbitral tribunal shall become a public document within 10 days after its release to the Parties.

Article 8

Suspension And Termination Of Proceedings

1. Where the Parties agree, the arbitral tribunal may suspend its work at any time for a period not exceeding 12 months from the date of such agreement. If the work of the arbitral tribunal has been suspended for more than 12 months, the authority for establishment of the tribunal shall lapse unless the Parties agree otherwise.

2. The Parties may agree to terminate the proceedings of an arbitral tribunal established under this Agreement, in the event that a mutually satisfactory solution to the dispute has been found.

3. Before the arbitral tribunal makes its decision, it may at any stage of the proceedings propose to the Parties that the dispute be settled amicably.

Article 9

Implementation

1. The Party concerned shall comply with the arbitral tribunal's recommendations within a reasonable period of time. The reasonable period of time shall be mutually determined by the Parties or, where the Parties fail to agree on the reasonable period of time within 45 days of the release of the arbitral tribunal's report, either Party may refer the matter to the tribunal, which shall determine the reasonable period of time following consultation with the Parties.

2. Where there is disagreement as to the existence or consistency with this Agreement of measures taken within the reasonable period of time to comply with the recommendations of the arbitral tribunal, such dispute shall be decided through recourse to the dispute settlement procedures in this Chapter, including wherever possible by resort to the original arbitral tribunal. The arbitral tribunal shall provide its report to the Parties within 60 days after the date of the referral of the matter to it. When the arbitral tribunal considers that it cannot provide its report within this timeframe, it shall inform the Parties in writing of the reasons for the delay together with an estimate of the period within which it will submit its report.

Article 10

Compensation And Suspension Of Benefits

1. If the Party concerned fails to bring the measure found to be inconsistent with the Agreement into compliance with the recommendations of the arbitral tribunal under Article 9.2 within 20 days of the report of that arbitral tribunal being provided to the Parties, that Party shall, if so requested, enter into negotiations with the complaining Party with a view to reaching a mutually satisfactory agreement on any necessary compensatory adjustment.

2. If no mutually satisfactory agreement on compensation has been reached within 20 days after the request of the complaining Party to enter into negotiations on compensatory adjustment, the complaining Party may request the original arbitral tribunal to determine the appropriate level of any suspension of benefits conferred on the other Party under this Agreement. Where the original arbitral tribunal cannot hear the matter for any reason, a new tribunal shall be appointed under Article 4 (Appointment of Arbitral Tribunals).
3. Any suspension of benefits shall be restricted to benefits accruing to the other Party under this Agreement.
4. In considering what benefits to suspend under Article 10.2:
 - (a) the Party having invoked the dispute settlement procedures should first seek to suspend benefits in the same sector or sectors as that affected by the measure or other matter that the arbitral tribunal has found to be inconsistent with this Agreement or to have caused nullification or impairment; and
 - (b) the Party having invoked the dispute settlement procedures may suspend benefits in other sectors if it considers that it is not practicable or effective to suspend benefits in the same sector.
5. The suspension of benefits shall be temporary and shall only be applied until such time as the measure found to be inconsistent with this Agreement has been removed, or the Party that must implement the arbitral tribunal's recommendations has done so, or a mutually satisfactory solution is reached.

Article 11
