NOTIFICATION

The following notification concerning the use of special safeguard provisions (**Table MA:5**) for calendar year **2001** was received from the delegation of the **United States** on 18 July 2002.

The United States invokes price-based safeguards automatically on a shipment-by-shipment basis. Importers who enter goods under an over-quota tariff line are required to declare which pre-established price range is applicable to their product. If there is a safeguard duty associated with that price range, the additional charge is assessed. Entries where the safeguard duties were assessed during the reporting period are summarized in this notification. While not required by the format, information on affected quantities is provided for illustrative purposes. Multiple transactions involving the same product have been aggregated for the purposes of this notification.
