## **RECTIFICATIONS AND MODIFICATIONS OF SCHEDULES**

### Schedule XIV – Norway

The following communication, dated 23 July 2002, has been received from the Permanent Mission of Norway.

Norway hereby submits a notification of corrections to its tariff schedule, concerning minor changes to the Annex IV to the Pharmaceutical Agreement. The corrections are of a technical nature, as 5 - five – products were erroneously classified under the wrong HS subheading in the original notification.

The products concerned are shown in the table below. In our original submission, all products except the one identified by CAS number 57090-45-6 were classified within HS subheading 2905.49. The product with CAS number 1947-62-2 is the only product of those listed that fall within subheading 2905.49. All the other products belong to subheading 2905.50 (HS96). In the 2002 version of the HS, the subheading should read 2905.59.

2905 49	REV.2	1947-62-2	(2R,3R)-1,4-bis(mesyloxy)butane-2,3-diol
2905.50	REV.2	57090-45-6	(R)-3-chloropropane-1,2-diol
	UR	920-66-1	1,1,1,3,3,3-hexafluoropropan-2-ol
	REV.2	148043-73-6	4,4,5,5,5-pentafluoropentan-1-ol
	UR	54322-20-2	sodium 4-chloro-1-hydroxybutane-1-sulfonate
	REV.2	75-89-8	2,2,2-trifluoroethanol

On behalf of my authorities, I hereby request that the above-mentioned corrections be incorporated into the Norwegian Schedule, and that they are circulated to members as appropriate.

If no objection is notified to the Secretariat within three months from the date of this document, the rectifications and modifications to Schedule XIV – Norway will be deemed to be approved and will be formally certified.
