Committee on Sanitary and Phytosanitary Measures

Original: English

## NOTIFICATION

### Corrigendum

The following communication was received from the European Communities on 6 April 2000.

\_\_\_\_\_

#### Item 5 should read:

This draft Directive fixes maximum residue limits (MRLs) and provisional maximum residue limits (PMRLs) for the new active substance azoxystrobin on certain agricultural products including feedingstuffs. This proposed draft Directive modifies MRLs of Commission Directive 99/71/EC in which EC MRLs for azoxystrobin were fixed for the first time.
