ACUERDO DE LIBRE COMERCIO DE EUROPA CENTRAL

Preguntas y respuestas

Addendum

En el presente documento se reproduce la información estadística adicional facilitada por las Partes en respuesta a las preguntas formuladas por los Miembros.

En los cuadros 1 a 6 anexos figuran datos sobre las importaciones realizadas en el período comprendido entre 1994 y 1996 por las distintas Partes en el Acuerdo de Libre Comercio de Europa Central (ALCEC), procedentes de todos los países del mundo y de sus interlocutores en el ALCEC, por capítulos del SA.

I. INFORMACIÓN BÁSICA SOBRE EL ACUERDO

4. Ámbito y productos comprendidos

De la información facilitada, no resulta evidente cuáles son los productos realmente comprendidos en el Acuerdo. ¿Podrían las Partes explicar claramente cuáles son los productos comprendidos en el Acuerdo, cuáles están excluidos y a qué productos se les aplican preferencias mejores que los derechos de aduana NMF y superiores al régimen de derechos nulos, incluido el porcentaje del comercio comprendido y el número de líneas arancelarias abarcadas en cada categoría? Sírvanse desglosar por separado el comercio de productos agrícolas.

¿Qué porcentaje del comercio (preferiblemente sobre la base de la media trienal más reciente) entre las Partes en el ALCEC:

- a) corresponde a líneas arancelarias que, en virtud del Acuerdo (incluidos los protocolos adicionales), serán objeto de eliminación total de los derechos de aduana; y,
- b) corresponde a líneas arancelarias que, en virtud del Acuerdo (incluidos los protocolos adicionales), recibirán un trato más favorable que la aplicación de derechos n.m.f., aunque no sean objeto de eliminación total de los derechos de aduana?

¿Podrían las Partes en el ALCEC facilitar una estimación de la proporción de líneas arancelarias de los aranceles nacionales de las Partes que, en virtud del Acuerdo, serán objeto de eliminación total de los derechos de aduana?
